

PATTERN CROCHET BEACH BAG

© Annemarie Benthem

Hello!

Thank you for buying one of my patterns. Here are some instructions that I think you need to know before you start working on the pattern.

1. In what terms is this pattern written?

In US terms.

2. What yarn should I use?

I used 24 different colors of Phildar Coton 3.

Phildar Coton 3 is available here: <http://www.lovecrochet.com/phildar-phil-coton-3>

3. What crochet hook should I use?

I always use a crochet hook size 3mm for Phildar Coton 3.

4. How much yarn should I use?

If you have 24 balls you will certainly have enough yarn. The exact amount is hard to predict as it depends on how often you will use one colour. Just make sure to have one ball for the bag handles.

5. Can I use a different type of yarn?

Ofcourse you can use any other yarn you like.

6. What abbreviations might be in this pattern?

CH: chain

SLST: slip stitch

SC: single crochet

DC: double crochet

Well, this should be a good start for your bag project! Should you have any questions, don't hesitate to contact me. I'm happy to help you out if necessary. You can reach me at:

annemarieshaakblog@hotmail.com

I always try to make my patterns as perfect as possible, but please let me know if anything is unclear or if you encounter any mistakes. Do you want to see more of my patterns? Please visit my LoveCrochet pattern page: http://www.lovecrochet.com/independent-designers/?designer_name=36322

And don't forget to check my blog: www.annemarieshaakblog.blogspot.com There are a lot of (free) crochet patterns on my blog, you can link your project at my weekly Link Party and every now and then I have fun giveaways.

Good luck with your project!

Annemarie ♥

BAG PATTERN

This part of the pattern is made in a spiral, so don't turn your work after every row.

You will start with the bottom of the bag. I used four different colours for the bottom. I mentioned the colour changes, but you can leave them out or add more colour changes if you prefer.

1. Chain 4, do 1 slip stitch in the first chain.
2. Chain 3. They count as the first DC. Do another 10 DC in the ring. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 11 DC around.
3. Chain 3. Do 1 DC in the chain below. Do 2 DC in every stitch, so INC around. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 22 DC around.
4. Chain 3. Do 1 DC in the chain below.
* Do 1 DC **in the next stitch**, INC in the next stitch.* Repeat what's in between * until you've gone round. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 33 DC around.
5. Chain 3. Do 1 DC in the chain below.
* Do 1 DC **in the next 2 stitches**, INC in the next stitch.* Repeat what's in between * until you've gone round. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 44 DC around.
6. Chain 3. Do 1 DC in the chain below.
* Do 1 DC **in the next 3 stitches**, INC in the next stitch.* Repeat what's in between * until you've gone round. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 55 DC around.
7. Chain 3. Do 1 DC in the chain below.
* Do 1 DC **in the next 4 stitches**, INC in the next stitch.* Repeat what's in between * until you've gone round. End with a slip stitch in the third chain that you did at the beginning of this row. You now have 66 DC around. Change colour now.
8. Now take a good look at what you did before. The marked text (in red) shows how the pattern develops. Keep building the pattern until you've reached the following point:
* Do 1 DC **in the next 16 stitches**, INC in the next stitch.* Repeat what's in between * until you've gone round. End with a slip stitch in the third chain that you did at the beginning of this row. Change colour. Please note: I also did colour changes after the row where I did 10 DC between every increase, and after the row where I did 15DC in between every increase.

Note: do you want to make the bag smaller or bigger? Then stop earlier or keep going but please mind that you must be able to divide the number of stitches in the last row by three.

9. Chain 4 (counts as 1 DC + 1 chain), do 1 DC in the same stitch. You now did 2 DC with 1 chain in between.
10. *Skip two stitches. In the third stitch: 1 DC, 1 chain, 1 DC. * Repeat what's in between * until you've gone round.
11. Once you've gone round: do 1 SLST in the third chain. Do 1 SLST around the fourth chain (so the 1-chain-opening) and change colour while doing so.
12. Chain 3, do 2 DC in the same stitch.
13. Now do in all 1-chain-openings: 3 DC. When you reach the first DC (which was the 3-chain) do 1 slip stitch in the 3rd chain.
14. In between this set of 3 DC and the previous set of 3DC: do 1 SC. Chain 3, 1 DC in the same opening. * In between the next two sets of 3 DC: 1 DC, 1 chain, 1 DC. * Repeat what's in between * until you've gone round.

Repeat rows 11-14 until your bag has the desired height. In total I did 15 rows with V-stitches and 16 rows with sets of 3 DC's. Ofcourse you can make your bag higher or smaller by stopping earlier or to continue. Make sure the last row you make is one with sets of 3 DC.

If you've gone round: do 1 SLST in the 3rd chain that you made at the beginning of this row. In every DC: 1 SC. If you made the bag as large as I did, you have to do 198 SC.

BAG HANDLES

I made two long bag handles like this: chain 11, turn, do 1 SC in each chain.

* Make 1 turning chain, 1 SC in each stitch, turn. * Repeat what's in between * until your handles are long enough. Change colour after a few rows at the beginning and also change colour a few rows before the end. You can also make the handles in one single colour or change colour very often. Sew the handles onto the bag. I left 10 sets of 3DC open at each side. So in between the handles there are 17 sets of 3 DC-stitches.

Last but not least

Designing crochet patterns is a time-consuming and difficult job. I'd love to see you make as many beach bags as you like for yourself or to give as a gift. But please do not make copies of this pattern, don't distribute this pattern, don't share it and don't sell it as if it is your design. If you post your own bag somewhere on the WorldWideWeb, I'd love it if you refer to my blog or shop. Enjoy!
