PATTERN Notes

Level: Beginner

Materials needed for this project:

Yarn used for this project - I used under 250g for this project in Paintbox Cotton Aran yarn from Love Crafts for a size small. You will need two colours for this project. You can find the yarn I used for this project here:

<https://www.lovecrafts.com/en-gb/p/paintbox-yarns-cotton-aran>

Cotton Aran Yarn
(worsted weight or DK)

Scissors

Hook size 5mm

Tape-Measure

Stitch Marker

Step By Step: with photo guidance
pages 4-8 & 12

Foundation Chain

Slip Stitch

Double Crochet

Iris Stitch

.

Gauge 2x2" 4 rows, 8 Stitches

Abbreviations US Terms:

Ch(s): chain(s)

Dc: double crochet

St(s): stitch(es)

Sl st: slip stitch

Repeat: ** means repeat instructions inside the stars (asterisks)

Notes:

This pattern uses the Iris stitch: (2 dc, ch 1, 2 dc skips 3 st(s) repeat)

Ch 3 counts as 1 dc

Fasten off means: cut your yarn and pull through. Leave a tail to weave in at the end, around 5" (always ch 1 before fastening off)

SIZE Guide

Size Guide:

Size	X-Small	Small	Medium	Large	X-Large
Chest (in.)	28-30	32-34	36-38	40-42	44-46
(cm.)	71-76	81-86	91.5-96.5	101.5-106.5	111.5-117
Size cont.	2X	3X	4X	5X	
Chest (in.)	48-50	52-54	56-58	60-62	
(cm.)	122-127	132-137	142-147	152-158	

Notes: This size guide is shown in inches and centimeters however these are just a point of reference so don't solely rely on them. I can't stress the importance of measuring yourself, as our bodies are all different.

Size guide is from: <https://www.craftyarncouncil.com/standards/woman-size>

Yarn Usage (Aran/Worsted/DK weight) usage for this top below from testers (usage will vary for all sizes):

XS	190 yards	S	246 yards	M	339 yards	L	470 yards
XL	500 yards	2X	630 yards	3X	668 yards		
DK yardage: tested in sizes				S	250 yards	M	280 yards

Measurements:

Measure from one side to the other from the fullest part of your bust (starting from your under arm) This is measurement A. Measuring in this way will give you a looser fit. If you want it to hug your body, measure around the whole of your upper body from under your arm all the way around to meet the start of the tape measure.

Example (these are my measurements *size small* be sure to do your own): Your chain must be a multiple of 4.

Bust measurement - 32" + 2" = 34" (by adding 2 inches this will make for a slightly looser fit and ensure the stitches don't look stretched)

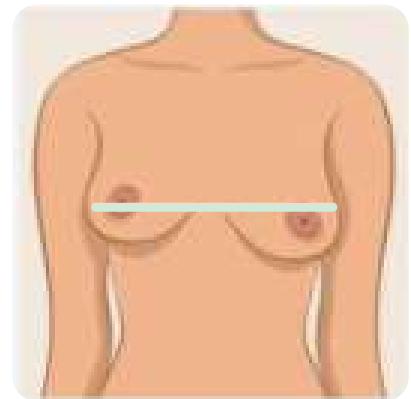

34 Divided by 2 = 17"

17" = 64 chains

Notes: Divide measurement A by 2 to calculate the length needed for the front and back panels of the top.

When you have finished and connected both panels to make the top, try it on and measure over your shoulder to calculate the strap measurement. This is measurement B.

MESASUREMENT A

MESASUREMENT B

Strap measurements from the front of the top to the back over your shoulder

STEP BY STEP

Slip Stitch

How to make a slip stitch (sl st)

The slip stitch is the shortest of all crochet stitches. You can work a slip stitch at just about any point after you begin your project. Insert your hook into the stitch or chain where you want to crochet the slip stitch. Yarn over and pull through as pictured.

Then, pull the newly created loop through the loop on your hook. Once you try these steps a few times, it becomes almost like a single motion. The slip stitch is now complete.

STEP BY STEP *Foundation Chain*

How to make a chain

Create a slip knot to create your foundation chain. Wrap the yarn around 2 fingers and pull through the working yarn to create a loop on your hook; pull closed so it's snug around the hook.

Yarn over pull through the loop on your hook, yarn over, repeat. This is called your foundation chain and it's the base of most crochet projects.

STEP BY STEP *Single Crochet*

How to single crochet (sc)

With your first loop already on the hook go through your chain or stitch, yarn over pull through. You have 2 loops on your hook.

Yarn over and pull through both loops to complete your first single crochet. For this pattern, you will be using this technique to attach your top.

STEP BY STEP Double Crochet

How to make a double crochet (dc)

Create a foundation chain to practice double crochet. Yarn over, insert hook into chain indicated in the pattern. For this example, it will be the 5th chain from your hook. (chain 3 counts as a double crochet)

Yarn over again, pull through, yarn over again, pull through the first two of three loops on hook, yarn over again, pull through the remaining two loops on hook.

You have completed your first double crochet. It will look like this, (the chain 3 counts as a double crochet).

STEP BY STEP

Iris Stitch

How to make the Iris Stitch (2 double crochet, chain 1, 2 double crochet)

Create a foundation chain to practice. Yarn over, insert hook (for this example it will be in the 5th chain from your hook (chain 3 counts as a double crochet but not part of the Iris stitch)).

Yarn over again, pull through, yarn over again, pull through the first two of three loops on hook, yarn over again, pull through the remaining two loops on hook.

Create a second double crochet into the same chain space. Chain 1 and create two more double crochets into the same chain space. Skip 3 chains/stitches and create the next cluster into the fourth chain (2 double crochet, chain 1, 2 double crochet). Turn your work and repeat these steps to create the Iris Stitch pattern.

MAKING THE *Body*

Step 1:

Let's begin, using measurement A, (refer to page 3 Size Guide for help) choose the colour you want the body of your top to be and ch a multiple of 4 (for me [size small] I chained 64). Ch 3, turn your work.

Step 2:

In the 5th ch from your hook, (place 2 dc, ch 1, 2 dc) all into the same ch st *Skip 3 sts, (place 2 dc, ch 1, 2 dc) in the next ch.* Repeat from ** across until 2 chs remain. Skip 1 ch, dc in last. Turn your work.

Step 3:

Ch 3, skip 3 sts *(2 dc, ch 1, 2 dc) into the ch 1 space* Repeat until end of the row. place 1 dc into the last st. Turn your work.

Step 4:

Repeat step 3 inside the ** until your piece is the desired length for you. Ch1 and fasten off. For size small I created 17 rows.

Step 5:

Repeat steps 1-3 for the same amount of rows to create your second panel.

Note: If you want your top to be body hugging, decrease your hook size when you reach the lowest part of your bust / where your underbust is, this will create a fitted look.

Note: You will be adding a border at the top and bottom, so allow for the extra coverage when deciding on the length.

ATTACHING *Both Panels*

Step 1:

Lay both panels one on top of the other.

Note: Sc into the 1st ch 3 space where you attached your yarn twice and all the way along.

Step 2:

Attach your yarn to one of the top corners, going through both the front and back panels of your top. (Note: weave the tail in as you go - this will save you having to at the end). Ch 1, then sc into each ch space gap twice (making sure to go through both ch 3 spaces of the top and bottom panel; See photo for guidance). Ch 1 and fasten off.

Step 3:

Repeat step 2 on the other side of the top.

CHANGE COLOUR

Iris Stitch Border

Step 4:

Turn your top the right way out so the sc seam is on the inside. Using your second colour attach your yarn into the ch space next to the seam of your top. See second photo for guidance.

Ch 3, place 1 dc, ch 1, 2 dc. Skip to the next Iris cluster *place 2 dc, ch 1 2 dc* (into the cluster ch space), repeat** all the way around the body 'til you reach the 1st cluster of the round. Sl st into the top of the ch 3. Ch 1 and fasten off.

Step 5:

Repeat step 4 for the bottom of your top.

STEP BY STEP *Iris Stitch Strap*

Chain 3, 1 double crochet, chain 1, 2 double crochet, turn, slip stitch into the chain 1 space

(Pattern continues on next page) Attach your yarn to the ch space between an iris cluster, chain 3, 1 double crochet, chain 1, 2 double crochet in the same chain space, turn your work sl st into the chain 1 space from the previous row.

Chain 3, place another double crochet into the same chain space. Chain 1 and create 2 more double crochets into the same chain space.

Turn your work slip stitch into the chain 1 space. Repeat these steps *chain 3, 1 double crochet, chain 1, 2 double crochet in the same chain space, turn your work slip stitch into the chain 1 space*. This pattern will create the Iris stitch strap.

ATTACHING THE Straps

Step 1:

Try on your top and using stitch markers, mark where you want your straps to be. Make sure they are the same amount of sts/clusters from the seams (for size small I marked 4 clusters from the seam). It's up to you if you have the starting ch at the top or bottom.

Step 2:

Attach your yarn to the ch space where your stitch maker is placed. *Ch 3, 1 dc, ch 1, 2 dc in the same ch space, turn your work sl st into the ch space.* Repeat from ** (for step by step photos refer to page 8).

Step 3:

Continue this pattern 'til you reach your measurement B (shoulder strap length). Making sure the strap isn't twisted, line it up with the cluster that your stitch marker is in. Fold the bottom of this strap up, ready to connect to the back of the top. Remove your hook, making sure to keep the yarn still looped, and twist your work around so the loop is at the working end. Place your hook back into the loop. Go through the ch 3 of the strap, and back through the loop at the ch 3 of the back. Create a sc. Sl st to attach to the back panel of the top all the way along to the last st (4th st of the cluster). See photo for guidance.

Step 4:

Repeat steps 2-3 for the other strap.

YOU'VE FINISHED *Iris Top*

Final Step:

Weave in all the ends and you're all done. All that's left to do now is show it off to the world. Be sure to tag me on instagram @calm.homemade so I can see your wonderful creation. These are a few examples I've made in different colours and yarns below.

Modelled by @sophieameliacreates

You can even create a mini version

Tadaaaaaa you've finished your Iris Crop Top. If you have any questions don't hesitate to message me on Instagram @calm.homemade or email at calm.homemade@gmail.com

Thank you so much for choosing this pattern.
